*If your child needs help signing in, please contact his or her teacher.*

# TOP WAYS TO USE IXL AT HOME

1

## Explore personalized skill suggestions

Encourage your child to visit their Recommendations wall for helpful review or new challenges—it's full of skills picked just for them!

2

## Stay in the loop

Sign in to your child's account and click on Analytics to see what they've been working on and take a peek at their progress.

3

## Celebrate your child's accomplishments

Want to receive certificates whenever your child reaches a milestone? Sign in, click on their profile icon, and enter your e-mail address under "Profile & settings".

## SMARTSCORE CORNER

### What is IXL's SmartScore?

The SmartScore is the best possible measure of how well your child understands a skill! It factors in question difficulty, answer accuracy, and consistency.

**You can adjust SmartScore goals as you go**

Aim for 80 or 90, which shows a strong understanding of a skill. For an extra challenge, try for mastery (a score of 100).

**The SmartScore is not a percentage score**

Unlike percentage-based scoring, the SmartScore is truly smart. Even if a student gets a question wrong, it's always possible to reach a 100.

**Taking breaks is always okay**

If your child needs to pause their practice, they can always return to a skill later—all progress will be automatically saved!
