

Welcome to all!!!!

I am always happy to begin a new year with a new class. I'm excited to be your child's teacher.

The class will be grouped for reading. Basically that means that I will have several groups. I wish that they could all be in a top group but I will do a reading assessment right away and group accordingly. As the year goes by they can certainly move up and hope that they do not have to go down. All reading books have to be finished by May 2023.

Math is taught in a big group with individual help. Please start memorizing math fact 1-8. We take timed tests . There are 8 problems with a minute to finish which is no problem if you know the facts. Please work with money (recognizing dime, nickel, penny, and quarter)

Spelling will begin with very simple 3 letter words.

Please continue to read to your children and listen to them read every night. I love teaching and being

able to see the difference a year makes! My phone
phone number is 601-416- 2441.

Mr. Butler
