

Dear Parents,

I'm so excited about the school year! First grade is the foundation for the remainder of the school years. That's quite a responsibility for me as well as you parents. We must work together as a unified team. The children are so important to me that I will make time for a conference or just a quick visit as needed.

I will test your child at the beginning of the school year then I will work with him/her in a small group or individually. I will read each day with your child and I certainly want to encourage you to do the same. Please continue reading to them as well as listening as they read.

Please share my enthusiasm for reading, writing and arithmetic, but most of all these children are fearfully and wonderfully made by our loving God.
