

Psychology

Kemper Academy
2023-2024 Syllabus
Hunter Calvert

Course Description

Welcome to the start of a new school year! This course focuses on the study of human behavior. As an introduction to the field of psychology, this course includes consideration of psychological principles, terminology, major theories, careers, methods of experimentation, and practical applications. We hope to provide a positive, fun and unique class experience that students will enjoy. We look forward to a successful year for all our students, parents, and teachers!
