

Welcome to all!!!!

I am always happy to begin a new year with a new class. I'm excited to be your child's teacher.

The class will be grouped for reading. Basically that means that I will have several groups. I wish that they could all be in a top group but I will do a reading assessment right away and group accordingly.

Math is taught in a big group with individual help. Please start memorizing math facts 1-8. There are 8 problems with a minute to finish on the timed test. Please work with money (recognizing dime, nickel, penny, and quarter)

Spelling will begin with very simple 3 letter words.

Please continue to read to your children and listen to them read every night. I love teaching and being able to see the difference a year makes! My phone number is 601-416- 2441.

A handwritten signature in cursive script, appearing to read "M. Betty".
